

**IMPORTANT NOTICE
ALL PARTICIPANTS MUST COMPLY**

ROLL OUT PROCEDURES

- Once in the venue, your vehicle battery **MUST** be **disconnected**, thus you cannot **START** or **MOVE** your vehicle until the show is officially closed. Please leave your hoods propped open for battery inspection and gas caps taped or locked.
- Vehicles must be contained within the car row not to exceed the marked lines. Failure to comply may result in towing your vehicle at owner's expense.
- Roll-out process begins once all spectators have exited the premises and it is safe for movement. Management will notify competitors when Roll-out may begin.
- Participants have 1.5 hours to vacate the building once Roll out has commenced. Once the air doors are shut you must wait until the next working day to bring out the rest of your gear or car if left inside

**DO NOT START YOUR
ENGINE UNTIL AIRDOORS
HAVE BEEN OPENED AND/OR
UNTIL SHOW MANAGEMENT
GIVES THE OK !!!**

*****Failure to comply with ANY of the following rules/regulations/procedures, you maybe fined by officials and prohibited from participating in future HIN events. In case of emergency please see show management*****
